Walk Through Metal Detectors:

Walkthrough metal detectors will be deployed at all entrances to the Smoothie King Center for all Pelicans games this year. The walkthrough metal detectors will replace the use of the hand-held metal detectors that have been used in the past. The transition to walkthrough metal detectors is a part of a league wide initiative taking place at all NBA arenas. This new technology should provide for a more efficient and effective screening process. Fans are encouraged to remove their cell phones, large key rings, and any other heavy metal objects from their pockets prior to entering the walkthrough metal detector. Small metal objects (pocket change, small key rings, wallets, and eyeglasses) can remain in your pockets.

NBA Bag Policy:

The NBA is enhancing its public safety policy this season to include the type of bag you can bring into the Center. This is a league-wide policy.

Bags are restricted to one (1) bag (14"X14"X6") per person.

PLEASE NOTE: Backpacks of any size are not allowed.

This policy applies to *bags only*. Check "Prohibited Items" **above** for more information on prohibited items.
